Subject: Pismo Preserve Request for additional funds, 8/26/14 Agenda

---

This email shall serve as support for this item.

As a Board you have done an excellent job getting our County budget back on track;  
and according to staff the funding for the additional \$400,000 required to make this  
public preserve a reality, is available without stressing the current budget model.

Please approve the requested funding allocation.

Thank you for all you do.

Kind Regards,

Karen Bright

Subject: Pismo Preserve

---

Dear Board of Supervisors:

I am writing to show my support for the additional \$400,000 of funding for the Pismo Preserve. As a resident of Arroyo Grande and a lover of the outdoors, I would use the Preserve for hiking and walking my dog. I do believe the Preserve is a unique opportunity for the County to protect a magnificent open space.

I have also donated a small amount personally to LCSLO for this cause.

Thank you,

Natalie Laacke

## County of San Luis Obispo

TO: Board of Supervisors

FROM: Dan Buckshi, County Administrative Officer

DATE: 8/26/2014

SUBJECT: Consideration of a request by the Land Conservancy of San Luis Obispo for \$400,000 of additional County funds to assist in the purchase of the Pismo Preserve, and if approved, authorization of a budget adjustment in the appropriate amount from General Fund Contingencies to Parks Land Fund Center (FC) 30504. District 3.

### **RECOMMENDATION**

It is recommended that the Board:

1. Consider the request by the Land Conservancy of San Luis Obispo for \$400,000 of additional County funds to assist in the purchase of the Pismo Preserve; and
2. Consider authorizing a budget adjustment in the appropriate amount from General Fund Contingencies to Parks Land Fund Center (FC) 30504 by 4/5ths vote.

### **DISCUSSION**

The Land Conservancy of San Luis Obispo County (Land Conservancy) is a local non-profit organization that has served San Luis Obispo County for many years. Since 1984, the Land Conservancy has conserved over 14,700 acres of open space and farm lands, working "to permanently protect and enhance lands having important scenic, agricultural, habitat and cultural values for the benefit of people and wildlife."

Earlier this year, the Land Conservancy entered into a land purchase agreement to secure a 900 acre private ranch, east of the City of Pismo Beach (Attachment 1), with the intent to creating the Pismo Preserve. The envisioned preserve would be open to the public as early as Summer 2015 for outdoor recreation opportunities including hiking, mountain biking, horseback riding, bird watching and exploring plant and animal life in the area. Ongoing maintenance of the preserve will be the responsibility of the Land Conservancy, at no cost to the County.

The purchase of the land is contingent upon the Land Conservancy's ability to raise funds to cover the \$12 million required to bring the project to fruition. On April 1, 2014, the Land Conservancy submitted a formal written request to the County for \$1 million in County Park Public Facility Fee (PPFF) funds to assist in the purchase of the land. At its April 2014 meeting, the County's Parks and Recreation Commission recommended that the Board allocate \$1.1 million to the project, and on May 20, 2014, the Board unanimously voted to allocate \$1.1 million in PPFF funds to the Land Conservancy for this purpose.

Since the Board's May 20<sup>th</sup> action, the Land Conservancy has successfully raised a total of \$11.5 million from a variety of different sources, including:

- \$8 million from State agencies,
- \$2.3 million from local governments and regional agencies, and
- \$1.7 million from foundations, local businesses and community donors.

With the August 28<sup>th</sup> fundraising deadline drawing near, the Land Conservancy submitted a second funding request on August 11, 2014 (Attachment 2) for an additional \$400,000 in County funds. In this most recent request, the Land

Conservancy expressed confidence that it will be able to raise the remaining \$100,000 from private donors to meet the \$12 million necessary to make the Pismo Preserve project a reality.

#### **OTHER AGENCY INVOLVEMENT/IMPACT**

In February 2014, the County Parks and Recreation Commission identified the Pismo Preserve project as being worthy of local and regional agency support and placed the purchase of the property on its list of priority projects. In April 2014 the Commission recommended that the Board provide \$1,100,000 of PPFF funding to assist in purchase of Pismo Preserve. Various State agencies, local governments and regional agencies, and foundations, local businesses and community donors have also contributed funds to this project.

#### **FINANCIAL CONSIDERATIONS**

On May 20, 2014, the Board approved the allocation of \$1.1 million in PPFF funds towards the Pismo Preserve project. Today, the Board is being asked to consider allocating an additional \$400,000 to the Land Conservancy for a total County contribution of \$1.5 million. If approved, the \$400,000 contribution will be funded with General Fund Contingencies.

In FY 2014-15, the target is to maintain contingencies at 4.5% of the General Fund budget (approximately \$19.5 million). The budgeted level of contingencies can accommodate this contribution to the Land Conservancy without falling substantially below the 4.5% target. Due to savings throughout departments, it is anticipated that the fund balance available (FBA) at the end of FY 2013-14 will come in higher than budgeted. If an additional \$400,000 is allocated to the Pismo Preserve project, excess FBA from FY 2013-14 will repay contingencies to maintain the 4.5% target.

Ongoing maintenance of the Pismo Preserve will have no impact on the County's budget. The Land Conservancy intends to provide for all maintenance and repairs.

#### **RESULTS**

Providing additional funds to the Land Conservancy will assist in the purchase of the Pismo Preserve, helping to provide unique parklands suitable for public hiking, biking, equestrian and passive recreation with no ongoing costs to the County. Outdoor activities such as hiking and biking contribute to the County's Community-wide Result of creating a "Healthy Community." In addition, creation of the Pismo Preserve aligns with the County's Community-wide Result of a "Livable Community" through the protection of natural resources.

County of San Luis Obispo Board of Supervisors  
Attn: Dan Buckshi  
County Administrative Officer  
1087 Santa Rosa Street  
San Luis Obispo, CA 93408

RE: Request of County Funds for Pismo Preserve Acquisition

Dear Mr. Buckshi,

Six short months ago, The Land Conservancy embarked on our most ambitious and bold project to date, the Pismo Preserve. The Pismo Preserve is a 900 acre private ranch that serves as the backdrop to Pismo Beach and the Five Cities region. Our community has the opportunity now to purchase the property and create a spectacular public park with a multi use trail network, world class views, and truly invaluable habitat.

On May 20<sup>th</sup>, 2014, the Board of Supervisors unanimously voted to allocate \$1.1 million in Park Facilities Fees in recognition that the Pismo Preserve is once in a lifetime opportunity to address the regional need for permanently protected conservation lands that serve both people and wildlife.

Following the May meeting, The Land Conservancy has successfully raised \$11.5 of the \$12 million required to bring this project to fruition. The distance we have come in just six months is nothing short of amazing. The generosity of the community and local governments has been remarkable and affirming. As of this writing, we are only weeks away from our funding deadline of August 28<sup>th</sup>. With this deadline on the horizon The Land Conservancy is now looking for the last half-million in funding to provide the final piece of the Pismo Preserve puzzle.

It is our sincere hope that the County Board of Supervisors will consider stepping up yet again to consider additional funding for the Pismo Preserve. The difference this time is that an award from the County now will not act as a catalyst as it did before, but as the capstone that closes the deal. In considering their leadership and vision with respect to conservation and public wellness, we believe that there could be no more appropriate source of the closing funds than the current County Board of Supervisors.

We are confident we can raise an additional \$100,000 from private donors in the next few weeks. The Land Conservancy respectfully requests that the County Board of Supervisors consider granting The Land Conservancy \$400,000 to complete the Pismo Preserve in advance of the August 28<sup>th</sup> funding deadline.

I have included to your reference, a fact sheet and map to provide context and support for this request.

Thank you for your consideration. Please do not hesitate to contact me if you have any questions or concerns regarding this request or the Pismo Preserve project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kaila Dettman", is centered on a light yellow rectangular background.
